Tree nursery's a top venue

A MIDLAND tree nursery provided the perfect backdrop for a popular summer networking event.

Whiting Landscape hosted the Herefordshire and Worcestershire Constructing Excellence event at their picturesque nursery in Bromsgrove.

More than 90 guests were invited to tour parts of the

15-acre growing area – not normally open to the public – before enjoying a sumptuous barbeque at the award-winning centre in Wildmoor Lane.

Guest speakers included Paul Ellingham, Director of National Town Planning Consultancy, Alliance Planning and Alan Young, Senior Technical Director of Integrated Management

Consultancy Services WSP UK.

Ian Collins, Business Development Manager of Whiting, which specialises in landscape construction for the commercial sector, said: "We were delighted to welcome so many members of HAWCE and their guests to our nursery and give them an insight into the work we do."
